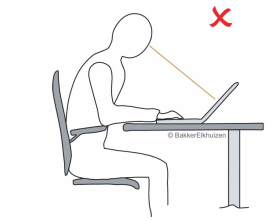
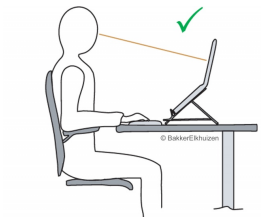
Suitable: 12 inch laptops





Specifications

Dimensions:	268 x 6 x 210 mm (W x D x H)
Weight:	180 g
Product code:	BNEFT27012

Research
Recent scientific studies in the Netherlands and Sweden have shown that working with a laptop stand in combination with a external keyboard and mouse results in: 17% increased productivity, 21% increased comfort and 32% decreased neck torque (Lindblad 2003).

Health & Safety Regulations
By European legislation, employers are obliged to take proper measurements to prevent physical discomfort among their employees. Separate from the screen the keyboard needs to have the ability to both tilt and move freely to allow a comfortable working position thus avoiding fatigue in the arms and hands. In addition one must be able to increase the height of the screen by placing a support underneath the monitor. The document holder should be stable, adjustable, and positioned so as to minimize uncomfortable head and eye movements. These guidelines do not only apply to desktop computers but also to laptop computer stations.
